Section 6: Specifications

REVISED March 17, 2015

A. General Description:

Support stands will be used to support raised buses to facilitate maintenance procedures. Used in sets of 4, 6 or 8 support stands must be able to be placed under a level raised vehicle at the points designated by the vehicle manufacture.

Vendor should explain any deviations from these specifications. The product offered by the bidder must on an overall basis be equal or greater in quality and performance than the bid specifications. Transdev Services Inc. reserves the right to be the sole judge of what is equal and acceptable. Bids which do not comply with these requirements are subject to rejection.
