

# The Bus Is for Us!

## Introducing the NICE Bus Port Washington Student Free Ride program!

To receive your free NICE GoMobile tickets, download the GoMobile app to your smartphone. GoMobile's listing appears like this in the app store

Once the app is downloaded, set up your GoMobile account with your @portnet.org email address, and we'll add 10 free tickets into your wallet within 24 hours of creating your account. Use these tickets to travel any time, anywhere NICE goes.

To access these free rides, tap your GoMobile app wallet, and activate a ticket as you board the bus (this part is important, often we'll have customers activate the ticket as they see the bus off in the distance and as it approaches, it turns out not to be their bus or the bus is not in service). This tickets will be live for 2 hours and 15 minutes. You can transfer to as many NICE buses as needed with this ticket, you simply need to show the activated ticket on your phone to the driver as you board.
