What Is NICE Able-Ride?

Nassau Inter-County Express (NICE) Able-Ride is a shared ride transportation service for people who are unable to use fixed route bus due to disability. "Shared ride" means that multiple passengers may ride together in the same vehicle. We are **not** a medical transportation nor Ambulette.

NICE Able-Ride is Nassau County's complementary service offered in accordance with the Americans with Disabilities Act (ADA). This booklet provides you with the information you will need when traveling on Able-Ride. Observance of the rules and regulations are the responsibility of all customers, personal care attendant (PCA) and companions (Guests).

We provide safe and efficient service throughout most of Nassau County with some exceptions. Transportation is offered in the same service areas and hours of operation based on the NICE fixed route bus service. Please be advised Able-Ride service area can possibly be affected when service changes are made on the fixed route bus system. Please call Able-Ride reservations to confirm if your desired points of travel are within our service area.

Service Hours

Able-Ride service is comparable to the regularly scheduled fixed route bus service during the same days and hours, including weekends and holidays. Whenever there is fixed route bus service available, Able-Ride service will also be available. If there is no fixed route bus service, Able-Ride service also will be unavailable. Able-Ride service will vary depending on your pick-up or destination area.

Who is Eligible for Able-Ride Service and Appeals Process?

In compliance with the Americans with Disabilities Act of 1990 (ADA), NICE Able-Ride is a door-to-door shared ride service for eligible individuals who are prevented from accessing, boarding or riding the regular fixed route bus service. All riders must submit an application for approval to become certified to use the paratransit service. Those potential riders that are denied eligibility have the right to appeal and have their appeal heard. The appeal will be reviewed by a different person than determined original eligibility, and the rationale for the appeal decision will be provided in writing.

Door-to-Door Service

Door-to-door service means that Able-Ride drivers will assist customers from the outermost exterior door of the customer's pick-up address and boarding the vehicle, and from the vehicle to the outermost exterior door of the customer's drop-off address. Customers should be present at the outermost exterior door and ready to board the vehicle when their pick-up window begins. Upon arrival, if the customer is not present for boarding the driver will proceed to the door. Drivers will knock and/or ring doorbell and identify themselves as "Able-Ride." They will wait one minute at the door for the customer. If the customer is not present for boarding within that time, the driver will return to the vehicle and begin the no-show process.

At public entrances, drivers will enter the first or second exterior door to announce their arrival, but **MUST** be able to maintain sight of the vehicle at all times. To receive door-to-door service, the following conditions must be met:

- The driver must be able to maintain sight of the vehicle at all times.
- There must be safe access from the vehicle to the door.
- There must be safe parking on a public roadway or public parking lot.
- The parked vehicle must not block or impede traffic.

If any of these previously stated conditions are not met, the location is considered non-serviceable for door-to-door, the driver will render curb-to-curb service at the identified location. If a driver is at a location that is non-serviceable for door-to-door service, a dispatcher will attempt to contact the customer via phone to advise them of the situation and ask to meet the vehicle at the curb or an appropriate safe accessible area.

How to Apply

There are two parts to the Able-Ride application:

- Part (A) can be filled out by you or a designated representative such as a family member, friend or counselor.
- Part (B) must be filled out by a licensed health care professional such as a physician, psychiatrist, or social worker.

Both parts A and B must be filled out properly as instructed and submitted with a passport type photo in order to be considered for eligibility. We require original documents only, **no copies or faxes** will be accepted. Submission of photos not in accordance with Able-Ride policy will result in a delay of your application. We CANNOT accept any modified household photos. Failure to fill out the application in its entirety or submission of missing items or information will delay the application process.

All of the information provided on the application is evaluated as part of the eligibility determination process. Able-Ride may (at our discretion) request for you to come to our facility for an in-house assessment or send you to our medical certifier for a functional evaluation. If you are deemed eligible for Able-Ride, you will receive an identification card and procedures to follow when using Able-Ride.

If you are denied eligibility, a statement explaining the reason for denial and information regarding the Able-Ride appeal process will be provided.

Reasonable Modification Policy

Effective July 13, 2015, transit providers are required under 49 CFR 37.5(i)(3) to make reasonable modifications in policies, practices, or procedures when the modifications are necessary to avoid discrimination on the basis of disability or to provide program accessibility to their services. The process to be used in considering requests for reasonable modifications is described in 49 CFR 37.169.

Basic process requirements that must be met are:

- Information on the reasonable modification process must be readily available to the public, and must be accessible
- Advance notice can be required, but flexibility is also needed to handle requests that are only practicable on the spot
- Individuals requesting modifications are not required to use the term “reasonable modification”

Procedure

Passengers can request reasonable modifications for all modes (fixed route, general public demand response, and ADA paratransit). Passengers making requests are not required to use the term “reasonable modification.”

Requests should be made at least the day before but flexibility is required for on the spot requests. The Safety Director and or Operational Supervisor will review all requests and provide the determination. For on-the-spot requests, the driver should contact reservations or dispatch. Documentation will be maintained regarding the request and the resulting action taken.

To discuss a reasonable modification call Able-Ride:

(516)228.4000

TTY(516)228.4002 or 711

No-Show/Late Cancellation Policy

Able-Ride understands Clients may sometimes miss scheduled trips or be unable to cancel trips in a timely way for reasons that are beyond their control. However, repeatedly missing scheduled trips or failing to cancel trips in a timely way can lead to suspension of service. The following information explains Able-Ride no-show policy.

The **pickup window** is defined as fifteen (15) minutes before and fifteen (15) minutes after the negotiated pickup time. Clients must be ready to board a vehicle when it arrives within the pickup window. The driver will wait for a **maximum of five (5) minutes upon its arrival** for the rider to board.

A **no-show** occurs when the vehicle arrives at the scheduled pickup location within the pickup window and the driver waits at least 5 minutes and the rider has still not present themselves for boarding. The vehicle will leave and a no-show appearance will be recorded.

A **late cancellation/Cancel at the Door** is defined as a cancellation made:

- **less than 2 hours** before the scheduled pickup window is a **Late Cancellation**.
- upon the vehicle's arrival within the pickup window and you **refuse to board** is a **Cancel at the Door**.

Able-Ride will NOT count a no-show, late cancellation or cancel at door for circumstances beyond a client's control which prevents them from notifying us in-advance that the trip cannot be taken. Certain circumstances such as a:

- Medical emergency or medical appointment that runs unexpectedly late ,
- Sudden illness
- Pickups scheduled at the wrong location

Any subsequent trips on the day of a recorded no show or late cancellation occurrence will not be automatically cancelled. It is the responsibility of the client to cancel all subsequent trips on that day or they will remain on the schedule. To avoid multiple no-show occurrences on the same day, clients must cancel any subsequent trips by calling the Able-Ride reservations center at 516-228-4000.

Suspension of Service

Able-Ride will review all documented no-shows, late cancellations and cancel at the Door for verification pri-or to recording them in a client's account. A verified no-show, late cancellation or Cancel at the Door will counts as one penalty point. Clients will be subject to suspension after; (1) accumulating four penalty points in one calendar month, AND (2) have "no-showed", "late cancelled" or "cancel at door" at least ten (10) percent of those scheduled trips .

Both provision 1 & 2 must be met in before a suspension of service will take place.

Able-Ride will notify clients via phone, and mail a warning letter after they have accumulated three penalty points. Any subsequent violations result in the following suspensions:

- First violation - 7 day suspension
- Second violation – 14 day suspension
- Third violation – 21 day suspension
- Fourth and subsequent violations - 30 day suspension

All suspension notices will include a copy of this policy and how to appeal suspensions.

Disputing No-Shows or Late Cancellations

Clients wishing to dispute specific no-shows, late cancellations or cancel at door must do so within forty-eight (48) hours of the occurrence. Clients should contact the Able-Ride reservations center at 516-228-4000, Monday through Sunday from 8:30 a.m. to 5:00 p.m. to explain the circumstances and request the removal of the no-show, late cancellation or cancel at door.

Appealing Proposed Suspensions

Clients wishing to appeal suspensions under this policy have the right to file an appeal request, which must be in writing. Clients can submit either a **written request**, email request to latoya.pippins@transdev.com or contact us via Latoya pippins at 516-296-4157 **within 60 days** of receiving suspension letters. Clients who miss the appeal request deadline will be suspended from **Able-Ride** services on the date listed on the suspension notice. Suspensions will begin on the first day after the expiration of the appeals deadline.

- Driver **may carry** up to 2 packages for the customer, not to exceed 15 pounds, and capable of being transported in a single trip to the door.
- Driver will escort the customer on/off the vehicle, operate vehicle lift if required, and ensure proper securement of the customer (including seatbelt securement) and mobility devices.
- It is important to note that the driver is **not** a personal care assistant and is not permitted to provide assistance beyond what is outlined in this guide. Customers are responsible for making arrangements for any additional assistance.

If You Need Additional Assistance

Depending on the nature and severity of the disability, customer may require additional assistance from a PCA. Customers who cannot travel safely or comfortably without being accompanied by or met by a PCA must understand that Able-Ride drivers cannot fulfill PCA duties.

ABLE RIDE OPERATORS ARE STRICTLY PROHIBITED FROM DOING THE FOLLOWING:

- Assisting a customer in removing a jacket and/or repositioning a wheelchair.
- Assisting a customer with changing oxygen canisters.
- Staying with a customer who cannot be left unattended at the destination.
- Staying with customers who cannot be left unattended for a brief time while on a Able-Ride vehicle without risk to themselves or others.
- Assisting a customer who travels with a service animal but can not board or disembark that animal from the vehicle without assistance.
- Entering/unlocking or opening a customer's private residence.
- Assisting a customer using a wheelchair up or down steps or curbs, above and beyond "door-to-door" service mandated by ADA regulations.
- Operate any life support equipment.
- Operation of an electronically operated mobility device.

What You May Bring with You

Life support equipment such as: respirator, portable oxygen or other life-support equipment as long as it does not violate hazardous material transportation laws. The equipment must be small enough to fit into the vehicle and be secured.

Companions

Customers may travel with one Personal Care Attendant (PCA) for free. ALL Companions (guests) are subject to pay the applicable fare at the time of boarding. When booking a reservation with multiple companions, please be advised this will be based on space availability. Be sure to notify the reservations agent if a companion (guest) will ride with you and if your companion uses any mobility devices. Companions (guests), including children above 48 inches, must pay the full fare. Personal Care Attendants traveling with certified customers ride for free.

Service Animals

The Department of Transportation (DOT) - Federal Transportation Administration (FTA) directs public transit providers to follow the DOT definition of a service animal as stipulated in the Code of Federal Regulation [CFR 49 Subtitle 49 Part 37.3].

The term “service animal” is defined as “Any guide animal, signal animal, or other animal individually trained to work or perform tasks for an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals with impaired hearing to intruders or sounds, providing minimal protection or rescue work, pulling a wheelchair, or fetching dropped items.” Service animals are animals that are “individually trained to work or perform tasks.” This training can be by an organization or by an individual, including the individual with a disability. Transit agencies are not required to transport animals that have not been individually trained to perform specific work or tasks. If an animal’s only function were to provide emotional support or comfort for the rider, for example, that animal would not fall under the regulatory training-based definition of a service animal.

Household pets are not allowed on any Able-Ride vehicles. Only service animals as described above will be allowed.

Transit agencies may refuse to transport service animals that are deemed to pose a direct threat to the health or safety of drivers or other riders, create a seriously disruptive atmosphere, or are otherwise not under the rider’s control. Service animals must be under the users control at all times.

When it is not obvious what service an animal provides, the operator may ask two questions: (1) is the service animal required because of a disability, and (2) what work or task has the service animal been trained to perform. Operators will not under any circumstances ask about the person’s disability, require medical documentation, require a special identification card or training documentation for the service animal, or ask that the service animal demonstrate its ability to perform the work or task.

Service animals may not occupy a seat and should sit at the feet of their owner and remain under their control at all times.

Severe Weather or Hazardous Conditions

During severe weather, icy or otherwise hazardous road conditions or emergency situations, Able-Ride may make service modifications or suspend service entirely. In the event that transportation cannot be provided because of a weather emergency, service cancellation messages will be broadcast on radio stations WHLI 1100 AM, and WKJY 98.3 FM; and on television station News 12 - Long Island. You may also call Able-Ride at (516)228-4000 to cancel or confirm a ride/trip.

Direct Threat and Abusive Behavior

If a rider engages in violent, seriously disruptive, or illegal conduct, or represents a direct threat to others, their Able-Ride Service may be suspended or they can be subject to further discipline. Service suspension may also result from abusive behaviors such as verbal assault or intentional and repeat violations of Able-Ride policies. NICE Able-Ride understands that such behavior may occur due to involuntary behavior resulting from a disability and accordingly will evaluate each such potential suspension on a case-by-case basis.

If you dispute a suspension under this policy, you have the right to file an appeal. Appeal requests can be filed in writing or by contacting latoya pippins at 516-296-4157 and/or by emailing at latoya.pippins@transdev.com. A copy of the appeal process will be sent to you with your suspension letter.

Proper ID will be required to pick up any recovered items. Any unclaimed items will be discarded after 30 days.

The reservations agent will inform you of your total fare at the time you book your trip.

You're Pick-Up Window and When to Be Ready

Able-Ride schedules pick-ups within a 30-minute pick-up window to allow for traffic and other delays. Instead of giving you an exact time, we'll give you a 30-minute window period for our arrival. For example, if you ask to be picked up at 8:00 am, your ride will be scheduled to arrive between 7:45 am and 8:15 am.

Your Pick Up

Be ready at the beginning of the pick-up window. For example, if your pick-up window begins at 7:45 am, be ready at 7:45 am.

When your driver arrives, he or she is only required to wait five minutes into the pick-up window. For example, if your pick-up window is from 7:45 am to 8:15 am and the driver arrives at 7:45 am or earlier, you must present yourself for boarding by 7:50 am.

You are not required to board the vehicle until the pick-up window begins, but you may board the vehicle early if you wish. Able-Ride drivers carry ID badges. If you ever doubt your driver's identity, call Able-Ride at (516)228.4000.

Vehicle Wait Time and Customer No-Shows

Drivers are obligated to wait for customers five minutes from arrival within the pick-up window at the pick-up location. If a customer has failed to present themselves within the five minute time frame, dispatch personnel will then verify that the driver is at the correct location and make a good faith effort to call the customer before authorizing the driver to proceed to the next destination.

Cancellations

Cancellations affect our ability to provide a trip opportunity to other riders. If you have scheduled a ride that you no longer need, please call Able-Ride dispatch or reservation department as soon as possible to cancel your ride. This will help free up space for others to ride and keep program costs down. You may cancel your trip by calling 516.228.4000, TTY 516.228.4002 or 711.

Late Cancellation

Cancellations made in advance (2 hours or more) before your scheduled trip time, will be considered an advance-cancellation for which no-penalty is assessed. A cancellation is considered late if the cancellation is made less than two (2) hours before your scheduled trip time. Late cancellations are treated as a no-show and can result in suspension of service.
